

Hampton Falls Planning Board

Master Plan Committee

Draft Workshop Minutes – November 5, 2015

Present: Charlyn Brown, Chairman; Larry Smith; Lisa Brown-Kucharski; Todd Santora and Glenn Greenwood, RPC Consultant.

The workshop began at 8:05 A.M and ended at 9:30 A.M.

The October 15, 2015 minutes were accepted as written.

The updated draft of the Transportation Chapter was discussed. A typo correction was noted in the last sentence of the first paragraph on page 1 (community's). On page 6, the source correction will be made beneath the Table. The Table on page 14 is to be deleted. On page 20 new ridership numbers for the Downeaster will be included. Also on the same page, a statement regarding supporting infrastructure for accessing public transportation is to be included. On page 22, add RPC Consultant Scott Bogle's (sp.?) information re: the use of rail trails for bicycle trails. Also include the striping of edges of roads mentioned in paragraph 3 to better aid bicycle travel. Transportation Efficiency Act on page 24 is to be re-worked. On page 26, under 8.5, number 2 should address edge of road striping, where roads permit, for bike traffic; then re-number the remaining recommendations.

The next scheduled workshop is Thursday, November 19, 2015, at 8:00 A.M.
