

ORDINANCE & REGULATIONS COMMITTEE	May 23, 2023, 6:00 PM
TOWN OF HAMPTON FALLS	TOWN HALL

DRAFT

Attendees: Will Lojek, Abby Tonry, Eric Cimon, Todd Santora, Glenn Coppelman, Mark Sikorski

Fireworks store going into the poker room. Looking to restrict that to only one.

Mark Sikorski mentioned that there is the possibility of legalizing marijuana in the state, has concerns about vape and accessories shops popping up.

Discussions about vape stores, nicotine stores, cigar/smoke shops.

Abby asked why if in the ordinances it doesn't list fireworks as permitted or an approved use. Glenn mentioned that you couldn't list every possible product that's already legal for retail sale.

Cannabis seems to be that it will remain under State control (through liquor commission). It's the supporting industries that concern Mark. May need to review and discuss what neighboring states have done. Mark suggests trying to put some restrictions in place.

The fireworks issue is causing a lot of concern in town. Dealing with the individuals who are involved with the new fireworks store has been a challenge. They are already storing stuff on site illegally. Mark is concerned about the door this opens.

Glenn to put together a draft ordinance on fireworks/cannabis/vape.

Possibly talk to North Hampton about the new beer and vaping store.

Todd to be unavailable for next month's meeting, we will decide if we hold an ords and regs meeting.

Motion to adjourn E Cimon 6:55pm
